LISTING OF CLAIMS:

1. (Currently Amended) An accessory adapted for use with a hair dryer comprising a body defining a passageway with at least first and second openings, a connector for connecting said accessory to [said] a hair dryer at said first opening, and at least one retainer [adapted to retain] retaining a substrate in said passageway adjacent said second opening, said substrate receiving an oil-based scented medium.

2. (Original) An accessory according to Claim 1 wherein each of said first and second opening is at a respective longitudinal end of said body.

3. Canceled.

4. Canceled.

5. (Original) An accessory according to Claim 1 wherein said body is connectable to a front end of said hair dryer.

6. (Currently Amended) An accessory according to Claim [5] 1 wherein said body is adapted to be removably connectable to said hair dryer by clipping, snapping or screw-fitting.

7. (Original) An accessory according to Claim 1 wherein said substrate is made of a material selected from a group including ceramics and sponge.

8. (Original) An accessory according to Claim 1 wherein said substrate is adapted to withstand a temperature of at least 45°C.

9. Canceled.

10. Canceled.

al 11. (Currently Amended) An accessory according to Claim [9] 1 wherein said scented medium is evaporable at an elevated temperature.

12. (Currently Amended) An accessory according to Claim [9] 1 wherein said scented medium is an aromatic oil.

13. (Previously Amended) A hair dryer comprising an accessory as claimed in Claim 1.

14. (Currently Amended) A hair dryer assembly comprising a hair dryer and an accessory adapted for use therewith, wherein said accessory comprises a body defining a passageway with at least first and second openings, a connector for connecting said

accessory to said hair dryer at said first opening, and at least one retainer [adapted to retain] retaining a substrate in said passageway adjacent said second opening, said substrate receiving an oil-based scented medium.

15. (Original) A hair dryer assembly according to Claim 14 wherein each of said first and second openings is at a respective longitudinal end of said body.

16. Canceled.

al 17. Canceled.

18. Canceled.

19. (Currently Amended) A hair dryer assembly according to Claim [18] 14 wherein said body of said accessory is removably connectable to said hair dryer by clipping, snapping or screw-fitting.

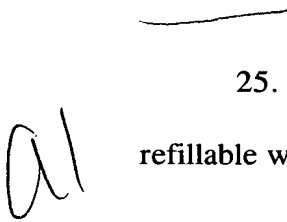

20. (Original) A hair dryer assembly according to Claim 14 wherein said substrate is selected from a group including ceramics and sponge.

21. Canceled.

22. Canceled.

23. (Currently Amended) A hair dryer assembly according to claim [21] 14 wherein said scented medium is evaporable when air heated by heating means of said hair dryer passes through said passageway.

24. (Currently Amended) A hair dryer assembly according to Claim [21] 14 wherein said scented medium is an aromatic oil.

 25. (New) An accessory according to Claim 1 wherein said substrate is refillable with said scented medium.

26. (New) A hair dryer assembly according to Claim 14 wherein said substrate is refillable with said scented medium.

27. (New) An accessory adapted for use with a hair dryer comprising a body defining a passageway with at least first and second openings, a connector for connecting said accessory at said first opening to said hair dryer and at least one retainer retaining a substrate in said passageway, wherein said substrate is made of ceramic material.

28. (New) An accessory according to Claim 27 wherein said substrate is refillable with a scented medium.

29. (New) A hair dryer assembly comprising a hair dryer and an accessory adapted for use therewith, wherein said accessory comprises a body defining a passageway with at least first and second openings, a connector for connecting said accessory at said first opening to said hair dryer and at least one retainer retaining said substrate in said passageway, wherein said substrate is made of a ceramic material.

al

30. (New) A hair dryer assembly according to Claim 29 wherein said substrate is refillable with said scented medium.
